

National Conference on “Educating Child, Empowering Nation”

On completion of 1 year of
National Education Policy -
2020

Our Team

SarkariSchool.In is an initiative of We Citizens Foundation to build a platform for those working in the field of school education and to uplift the future of the younger generation through various social and youth led initiatives.

About The Conference

The Conference aims to put forward the main aspects of NEP 2020 from the grassroots level through the viewpoint of academicians and practitioners. We also wish to interact with our youth to know their aspirations and ideas for transforming education as envisioned in NEP-2020.

This Conference looks forward to host young researchers and thinkers from across India who will use this platform to share their views on key highlighted areas related with the school education.

This conference is open for all, ranging from class 10th to PhD students and other research scholars/practitioners.
